WORK SESSION AGENDA
TOWN HALL CONFERENCE ROOM
Monday, May 4, 2009
6:00 PM – 6:45 PM**

A. Downtown Development Authority Request

The Downtown Development Authority at their April 30, 2009 regular meeting adopted this motion:

The DDA recommends to the City Council to discontinue the current program for meter and lot enforcement. We recommend that the City continue to allow our guests visiting our downtown to put coin in the meters and collect the coin from the meters. We further recommend that the DDA parking committee continue to meet and include in meeting agendas the overall city parking including lots, meters and discuss better signage directing our out-of-town guests to free parking lots behind our main street. At the conclusion of the DDA parking committee's work, the DDA would make further recommendation to the City Council. The DDA parking committee shall be expanded to include non-DDA people on the committee, including business owners and City Council members.

Based on this motion, City Staff requests that the Council determine what additional information is needed so that the Council may act on their request.
