BUDGET INTRODUCTION

The City of Marshall's largest source of revenue, like many local units of government across Michigan, is property taxes. In the State of Michigan, property tax growth is restricted by state law to the cost of living for existing properties plus the taxes on new construction.

Real property values are rising due to inflation and strong market demand and are reflected in the anticipated increase in tax revenues. Personal property tax law in the State of Michigan continues to control the amount of taxes the City can collect on personal property and are budgeted using historical receipts.

Another large source of revenue for the General Fund is State-shared revenues. Revenue levels have seen modest growth as these funds are based on State sales tax collection, which continues to be a stable source of revenue. There are two parts to State shared revenue: Constitutional and Statutory. Constitutional revenue is distributed based on a formula and is mandated by the State Constitution. Statutory revenue is subject to the whims of the State Legislature as they approve the budget for the State of Michigan each year.

After decades of working to secure a large-scale employer in the area, Ford Motor Co. has commenced construction of its BlueOval Battery Park subsidiary in Marshall. Ford has indicated that production of the lithium iron phosphate batteries will commence in 2026 and employ upwards of 1700 individuals. The City continues to market available land within the Industrial Park and the new Marshall Area Jobs Opportunities and Recreation (MAJOR) Campus west of the City through its partnership with Marshall Area Economic Development Association (MAEDA) with the goal of securing additional investment in the community.

Although the new developments have a net positive effect on the City budget, the City of Marshall continues to face pressure brought upon by inflation and rising program, material and service costs. The City Administration is committed to utilizing all opportunities at our disposal to provide ongoing, quality programs and services to the citizens of Marshall within our fiscal means. The proposed budget for FY2026 reflects this philosophy and the priorities articulated by the City Council and our Action Plan.

FUND DESCRIPTIONS

The City of Marshall's financial structure is composed of various funds, many of which operate like separate businesses within the organization and have their own set of balanced accounts. Budgets for each of these types of funds are adopted separately except for fiduciary funds. Funds are differentiated by category (governmental, proprietary, or fiduciary) and by type (general fund, special revenue, debt service, capital projects, enterprise, internal service, and custodial). These funds are further differentiated between major and non-major funds.

GOVERNMENTAL FUNDS

Governmental fund financial statements focus on near-term inflows and outflows of spendable resources. The budgeting and accounting for governmental funds are recorded on a modified accrual basis. The main operating fund for the City of Marshall is the General Fund, a major fund, used to account for the resources devoted to funding general government operations such as Public Safety, Clerk, Finance, Public Works, and general administration.

Non-major Special Revenue Funds

This type of fund is used to account for the proceeds of specific revenue (and expenditures) that are legally restricted to a specific purpose and accounted for on a modified accrual basis. Examples of Non-major funds for the City of Marshall are Major Streets, Local Streets, Municipal Streets, Recreation Fund, Airport, Leaf & Brush, Downtown Development Authority (component unit), and the Local Development Finance Authority (component unit).

Non-major Debt Service Funds

This type of fund is used to account for the resources used in the repayment of long-term debt, interest, and related costs. These funds are budgeted and accounted for on a modified accrual basis.

Non-major Capital Projects Funds

This type of fund is used to account for the resources used in acquiring and constructing capital facilities, street projects, and other capital improvements. These funds are budgeted and accounted for on a modified accrual basis.

PROPRIETARY FUNDS

This type of fund accounts for the acquisition, construction, operation, and maintenance of certain facilities or operations that is intended to be entirely self-supported by user fees and charges. Proprietary funds are both enterprise funds and internal service funds. Proprietary funds are budgeted and accounted for on a full accrual basis.

Enterprise Funds

The City of Marshall uses enterprise funds to account for its electric, wastewater, water, solid waste, public transportation (DART), and FTTP (Fiber to the Premise). These are all considered major funds.

Internal Service Funds

Internal Service Funds are an accounting tool used to accumulate and allocate costs internally among the City's various departments. The City uses internal service funds to account for motor pool and information technology.

CUSTODIAL FUNDS

Custodial funds are used to account for resources held for the benefit of parties outside of City government and cannot be used to support any City program. Custodial funds are accounted for on a full accrual basis. The City of Marshall does not adopt a budget for custodial funds as one is not legally required.

**RE: TRANSMITTAL OF THE FY 2026 PROPOSED BUDGET
FISCAL YEAR ENDING JUNE 30, 2026**

Dear Mayor, City Council and Citizens of Marshall:

We are pleased to provide the proposed Fiscal Year (FY) 2026 Budget in accordance with the City Charter. This annual budget represents the preparation and collaboration of directors, their staff, City Administration, and the Budget Review Committee.

Revenue and expenditures have been carefully reviewed to balance the General Fund budget with a surplus of \$90,685. There is currently no capital expenditures identified in the General Fund budget. However, with the creation of the Capital Special Project Fund, utilizing Marshall House proceeds, staff is proposing general fund capital projects occur within that fund. Any other capital items or special projects will be brought to City Council as needed on a case-by-case basis during FY 2026.

OVERVIEW OF CITY BUDGET

Listed below are some of the highlights of the FY 2026 Proposed Budget.

- The General Fund budget, exclusive of Recreation, Farmer's Market, and Airport activities, contained in this budget document is balanced for recurring operations by \$90,685. This includes funding the 3 firefighters that are funded via the expiring SAFER grant, an additional police officer that was added in FY 2025, and the long-desired goal of City Council, a full-time Parks maintenance employee.
- The FY 2026 MRLEC Operations budget projects a \$177K use of fund reserves for technology updates, and expansion of the parking lot. The agreement with the County and State set aside funds for capital improvements.
- Recreation has built up their fund balance in the past few years, and for FY 2026 has budgeted a \$82,083 planned deficit to fund the parking lot resurfacing at the athletic fields.

- The budget for FY 2026 for the FiberNet Fund shows a surplus. The FiberNet fund no longer requires a deficit elimination plan with the State of Michigan. Capital funding for the year includes the replacement of aged switches and routers to continue our progress improving customer service and reliability of the network.
- The FY 2026 Information Technology Fund shows a planned use of fund balance reflecting additional technology needs (six switch replacements) and necessary pc workstation replacements across multiple departments.

Fund highlights are as follows:

GENERAL FUND

- The projected General Fund revenues (excluding Recreation, Farmer's Market, and Airport activities) for FY 2026 are higher compared to FY 2025 budget primarily due to increased tax revenue. Proposal A of 1994 sets the growth for property to the lesser of inflation or 5%. The inflation rate is causing taxable values to increase 3.1% across the State. The BlueOval Battery Park construction and other growth is responsible for additional revenue to provide services and programs.
- The payroll line items in the various funds reflect wage increases for union personnel based on existing contracts and a 3% wage increase in FY 2026 for non-union personnel.
- The overall General Fund projected fund balance at the end of FY 2026 is \$3,399.001. This balance exceeds our fund balance policy requirements by approximately \$900,000.

MOTOR VEHICLE HIGHWAY (MVH) MAJOR & TRUNKLINE

MVH Major & Trunkline source of revenue is the State of Michigan Act 51 monies based on a formula taking into account population and the number of street miles categorized as major and trunkline streets (16 miles-Major and 4 miles of Trunkline). It is anticipated that for FY 2026, total expenditures will be \$603K and total revenues will be \$780K and the fund balance at year end for the Major Street Fund is estimated to be \$1,953,203. Projects budgeted for

FY26 include a street management plan, engineering for S. Marshall and the traffic signal replacement at N. Brewer and North Drive.

MOTOR VEHICLE HIGHWAY (MVH) LOCAL

As with the MVH Major, the revenue source for this fund is the State of Michigan Act 51 monies based on the formula using population and the number of local street miles (25 miles). Projected revenues for FY 2026 total \$240K and expected expenditures total \$171K. It is anticipated that the FY 2026 ending fund balance for the Local Street Fund will be \$521K.

The Local MVH fund will be used in FY 2026 to fund NE NIA sidewalk construction, and towards a street management plan.

Preventative maintenance activities such as crack filling are also planned for both major and local streets.

LEAF, BRUSH, AND TRASH REMOVAL

The Leaf, Brush and Trash Removal Fund derives its revenue from a dedicated millage, approved and by the voters in August 2024. The millage levy is anticipated to generate \$231K in revenues. The services provided are fall leaf collection, and spring brush pick-ups. The projected expenditures are \$197K. The goal for this Fund is to eventually have enough revenue to provide additional brush pick-ups, as well as the previously planned transfer toward the Compost operational expenses.

MH PROCEEDS – SPECIAL/CAPITAL PROJECTS

The Special/Capital Projects Fund is a newly created fund that will utilize Marshall House proceeds, as well as General Fund account balance that is in excess of the City's Fund Balance Policy on an ongoing annual basis. State and Federal grants will also be used to leverage and maximize the funds for the benefit of the community.

This fund is projected to start with \$7 million in fund balance. Management will be very selective with the projects that we recommend using these funds toward each year, searching for offsetting grants whenever possible. Several recommended projects include mobile video and body camera replacements, implementing a community camera project, match for the Michigan DNR grant for the Riverwalk, replacement of the Skatepark equipment, repairing the City Hall roof and clock tower, the purchase of a public safety drone and additional sidewalk replacement work.

FIBER TO THE PREMISE (FiberNet)

The Fiber-to-the-Premise (FTTP) is a utility authorized by the City Council in March 2017. The projected revenues for FY 2026 are \$1.57 million with expenditures projected at \$1.45 million. The Fiber-to-the-Premise fund is expected to have continued positive cash flow in FY 2026.

ELECTRIC FUND

The Electric Fund revenues for FY 2026 are projected to be \$18.2 million. FY 2026 expenditures are estimated at \$17.2 million. The Electric Fund continues to build up their cash reserves while also performing necessary capital projects and maintenance.

DIAL-A-RIDE/AMC TRANSPORTATION FUND (DART)

The Transit Authority of Calhoun County (TACC) was able to secure a voter approved operating millage in August 2024. Therefore, the DART/AMC Fund FY 2026 budget is currently a placeholder while the transition from DART to TACC takes place. Per our agreement with TACC, the City will not levy a DART millage in FY 2026 resulting in a net reduction of 0.8896 mills being levied by the City.

WASTEWATER FUND

The FY 2026 projected revenues are \$2.2 million. The FY 2026 projected expenditures of \$2.2 million include \$475K in capital outlay to provide sewer lining, and engineering services for service area planning and system modeling.

WATER FUND

The FY 2026 projected revenues are \$2.46 million. The FY 2026 projected expenditures are \$2.3 million. Capital Outlay is \$590,000 of the expenditure budget and includes the state mandated lead service investigation and removal work and water tower maintenance and engineering for the upcoming S. Marshall street reconstruction.

SOLID WASTE

The FY 2026 projected revenues are \$433K and projected expenditures \$423K. This fund is anticipated to have a fund balance of \$256K at the end of FY 2026. The review of the current service is a 2025 Action Plan item.

MOTOR POOL

The Motor Pool revenues for FY 2026 are projected to be \$2.5 million, which includes a 1.5 million transfer from the Special Capital Projects Fund. FY 2026 expenditures are budgeted at \$845K and includes the purchase of a pickup truck, two dump trucks, woodchipper, mower and a Police Department patrol unit.

BUDGET STRATEGIES

For the past several years, the City's budget has been balanced using multiple strategies including a review of our existing fee structure, expenditure reductions, and re-organizations centered on managing more efficiently with fewer resources. The main goal is always to create a budget that is attainable and sustainable for the future.

CLOSING STATEMENT

The development of the City's proposed annual budget is a significant task for City Administration. This budget provides the fiscal framework required of a municipal operation to provide the services that our community expects, while at the same time being responsible for how those services are funded using the financial resources that are available. Staff will continue to investigate new and creative ways to improve our delivery of services to the community and create sustainability for our organization and the residents we serve.

Our team looks forward to working with you and our citizens through the adoption of the FY 2026 budget. I sincerely thank all the members of the team and City Council for their hard work in the preparation and consideration of this budget.

Respectfully submitted,

DEBT SUMMARY

Statutory and Constitutional Debt Provisions:

Section 21 of Article VII of the Michigan Constitution establishes the authority, subject to statutory and constitutional limitations, for municipalities to incur debt for public purposes.

The legislature shall provide by general laws for the incorporation of cities and villages. Such laws shall limit their rate of ad valorem property taxation for municipal purposes, and restrict the powers of cities and villages to borrow money and contract debts. Each city and village is granted power to levy other taxes for public purposes, subject to limitations and prohibitions provided by this constitution or by law.

In accordance with the foregoing authority granted to the State Legislature, the Home Rule Cities Act limits the amount of debt a city may have outstanding at any time. Section 4(a) of this Act provides: "...the net indebtedness incurred for all public purpose may be as much as but shall not exceed the greater of the following:

- (a) Ten percent of the assessed value of all real and personal property in the city.
- (b) Fifteen percent of the assessed value of all the real and personal property in the city if that portion of the total amount of indebtedness incurred which exceeds 10% is or has been used solely for the construction or renovation of hospital facilities."

There are also exceptions to the debt limitation permitted by the Home Rules Cities Act for other certain types of indebtedness (e.g., transportation and revenue bonds).

The City of Marshall City Council adopted a Debt Management Policy (February 16, 2016, revised March 2021), intended to assure compliance with State Law and provide additional guidance as to the uses, decision making, debt planning and disclosure that the City should pursue relative to the City issuance of debt.
